Welcome to the Poseidon Charters Crewed Yachts Website! You have reached the foremost operator for Mediterranean crewed charters. We offer the widest selection of the most luxurious power yachts, sailing yachts, and traditional motor sailers in the industry. Our bases are located throughout the Greek islands and Turkish coast and our main base is in Athens. We also offer cruising between Greece and Turkey as we specialize in customized arrangements. Our services include: flights, airport transfers via minibus, guided land tours, 5 star luxury hotel accommodations, provisioning services and port formalities.

Poseidon Charters personally inspects all the crewed yachts we offer. Unlike a brokerage firm, our North American team works in Greece to assure our crewed yacht guests receive the highest standard of service in the Greek charter industry. Our close relationship with crewed yacht owners in Greece allows direct pricing and a premium level of customer satisfaction.

Our vast knowledge of the eastern Mediterranean and assistance in planning interesting itineraries has made our company the choice of informed charterers. Please see our Guests' Comments section for many contactable satisfied customers. Also, feel free to contact us for additional details and informative color brochures on any specific yachts listed on our site.
